Burnaby Shredder Recognized for a Pair of Business Awards

September 4th, 2009

Burnaby, B.C. – Burnaby-based Silver Bullet Shredding announced today that it has been named the 2009 recipient of the Consumers' Choice Award for Business Excellence in the shredding services category for the Metro Vancouver area.

The Consumers' Choice Award, an initiative of the Consumers' Choice Institute, is an annual award recognizing business excellence in various categories with winners determined by consumers and not a panel of judges. Leger Marketing, one of the leading market research firms in the world conducted a comprehensive and objective survey last month in major U.S. and Canadian cities to determine a winner.

Earlier this week, the Better Business Bureau of Mainland B.C. also announced that Silver Bullet Shredding has been named a finalist for the 2009 BBB Torch Awards in the marketplace excellence category. According to the Better Business Bureau, The Torch Awards honours local businesses and individuals who have demonstrated outstanding commitment to fair, honest, and ethical marketplace practices.

Silver Bullet Shredding president and founder Bailey Jung said that being recognized by two respected organizations in the same week has been exciting. "We are thrilled with the news and are proud to have earned the trust, respect, and loyalty of our customers and will continue to deliver outstanding customer service and value to all of our customers".

About Silver Bullet Shredding Inc.

Silver Bullet Shredding is a Burnaby-based, locally owned document destruction company. Founded in 2005, the company provides secure, on-site and off-site confidential document shredding services to small and medium-size businesses in Metro Vancouver.
